St Kentigern's Church Caldbeck provides a beautiful and appropriate setting for a version of the Christmas story which is told partly in scenes from the medieval mystery plays and partly in modern scenes displaying the continuing relevance of the impact of the birth of Jesus on our lives. The action is interspersed with carols which also span the centuries, enhancing the feelings of timelessness and renewed hope for the world which the celebration of Christmas always brings.

Donations can be made at the end of the performance to **Community Projects, Carlisle** which is a voluntary organisation working to help the homeless. **Key** is a drop-in centre in Abbey Street, Carlisle, where young people (aged 16 – 25) can get advice on housing, independent living, and accommodation. For those in immediate need **Carlisle Night Stop** offers emergency overnight accommodation in the homes of volunteers until a longer term solution can be found.

Any money raised is used for the training of volunteers and for the development of further work to alleviate homelessness in North Cumbria.
